

Now Hiring:

after school enrichment instructors

Being an 'Inventor Mentor' at Wizbots is the most rewarding year-round, part-time job, period.

- **LEARN** robotics, creative problem-solving, and leadership skills.
- **EARN** the most competitive salary with opportunities for rapid advancement.
- **INSPIRE** kids to build, create, collaborate, accomplish goals, and get turned on to technology.

"I joined Wizbots because I enjoy helping children learn in a creative environment."

- **Judy**

"I joined Wizbots because I love working with children and watching them grow and learn while having fun."

- **Eric**

"I joined Wizbots to gain experience in working with and teaching children. Never did I expect to learn so much from them and have so much fun while doing it."

- **Brittany**

What we're looking for:

- a love of children
- experience working in an educational environment, ideally leading instruction
- a passion for education, with a solid competence in math and science
- an interest in learning robotics
- a creative mind, and a love of play
- a commitment to quality
- a track record of being trustworthy, responsible and reliable
- a clean driving record with your own car
- must pass a background check
- available 4-5 afternoons per week during the school year, and at least 6 weeks all day during the summer

To apply: Send a cover letter and resume to jobs@wizbots.com. Tell us what makes you unique and why you'd be the best Inventor Mentor for Wizbots. Bonus points awarded for creativity!

Wizbots is the #1 provider of Imagineering programs for kids (ages 7-14) in the San Francisco Bay Area. We utilize LEGO robotics, but emphasize creativity and design. We teach design thinking, but involve lots of engineering. We are whacky and fanciful, but also techy and practical. All Wizbots programs are held in our mobile Imagineering Labs in partnership with area schools. To learn more, check us out at www.wizbots.com.
